

## CONSULTING OPPORTUNITY

### Team Leader for a European Union funded project – SWITCH to Green Facility

The objective of the contract is to develop and foster effective dialogue and cooperation on transformation towards inclusive green economy between the EU and developing countries. The contract aims to support the elaboration and implementation of the SWITCH flagship initiative through technical advice on green economy issues, support to coordination and communication activities.

**Profile :** Master's degree in economics, natural resources management, environmental science, development studies or related fields ; excellent knowledge of the green economy concept, related policies and best practices in the EU and developing countries ; knowledge of aid delivery methods and the project cycle management ; excellent written and oral communication skills ; fluency in English, knowledge of French. At least 15 years of professional experience including 5 years in the context of international cooperation and 5 years working on green economy related issues. Proven experience as Team Leader on at least 3 assignments and work experience in developing countries of at least 2 years.

**Location :** based in Brussels, missions in countries supported by the Development Cooperation Instrument (DCI).

**Start date :** January 2016, for 24 months. 130-150 days per year.
